

INDIRECT RESTORATIVES

CEMENTS: SELF ADHESIVE

Panavia™ SA Cement Plus
(Kuraray America, Inc.)

Why we chose this product:

- “A simple and universal cement.”
- “Good viscosity and easy to work with.”
- “Easy to clean up excess cement after tack-curing.”

CEMENTS: ADHESIVE RESIN

RelyX™ Ultimate Adhesive Resin Cement (3M)

Why we chose this product:

- “This one kit does everything I need, extremely versatile.”
- “High bond strength gives me peace of mind.”
- “No refrigeration required.”

CEMENTS: ESTHETIC RESIN

Variolink™ Esthetic LC
(Ivoclar Vivadent, Inc.)

Why we chose this product:

- “My go to cement for all of my ceramic cosmetic cases.”
- “Wide variety of cement shades and try-in pastes.”
- “This cement is very color stable.”
- “Easiest clean-up of any cement I’ve used.”

CEMENTS: IMPLANT

CEM-IMPLANT™
(B.J.M. Laboratories, Ltd.)

Why we chose this product:

- “**CEM-IMPLANT™** is an implant crown cement that ensures both seal and retrievability.”
- “Direct placement of cement into restorations makes the procedure quick and easy.”
- “Perfect consistency and amount of retention.”

CEMENTS: RMGI

FujiCEM™ 2
(GC America, Inc.)

Why we chose this product:

- “The fluoride release is reassuring.”
- “Easy to clean excess cement.”
- “**GC FujiCEM™ 2** is our go to cement for all restorations that do not require esthetic cementation.”
- “Convenient dispensing in dual-barrel syringe.”

CEMENTS: GLASS IONOMER

Glaslonomer Cement CX-Plus
(SHOFU Dental Corp.)

Why we chose this product:

- “Opacity facilitated easy cleaning, ideal for implant crowns.”
- “There were no complaints of sensitivity during or after use.”
- “Fluoride release gives added confidence.”
